JOÃO LOPES

COMPUTER SCIENCE
AND ENGINEERING

PROFILE

n. João Paulo Cláudio Lopes

b. 15/apr/1998

I grew up in a technology-filled environment and started exploring the engineering and development area since I was 11 years old.
I consider myself a very organized, hardworking and flexible person that can learn about all kinds of subject with ease.
I am always seeking to assist others and I have a great spirit of leadership.
